

cxx_special_functions
/include/emsr/sf_distributions.h

```
graph TD; A["cxx_special_functions  
/include/emsr/sf_distributions.h"] --> B["emsr/fp_type_util.h"]; A --> C["emsr/detail/sf_distributions.tcc"];
```

The diagram illustrates the include relationships for the `cxx_special_functions` header. The top box, which has a grey background, represents the header file `/include/emsr/sf_distributions.h`. Two blue arrows originate from the bottom of this box and point to two separate white boxes below it. The left box contains the file `emsr/fp_type_util.h`, and the right box contains the file `emsr/detail/sf_distributions.tcc`. This indicates that the top header file includes both of these files.

emsr/fp_type_util.h

emsr/detail/sf_distributions.tcc
