

cxx_special_functions
/include/emsr/sf_gegenbauer.h

```
graph TD; A["cxx_special_functions  
/include/emsr/sf_gegenbauer.h"] --> B["emsr/fp_type_util.h"]; A --> C["emsr/detail/sf_gegenbauer.tcc"];
```

The diagram illustrates the dependencies of the `cxx_special_functions` header file. A central box at the top, with a grey background and a black border, contains the text `cxx_special_functions` and `/include/emsr/sf_gegenbauer.h`. Two blue arrows originate from the bottom of this box and point downwards to two separate white boxes with black borders. The left box contains `emsr/fp_type_util.h` and the right box contains `emsr/detail/sf_gegenbauer.tcc`.

emsr/fp_type_util.h

emsr/detail/sf_gegenbauer.tcc
