

bits/sf_chebyshev.tcc

```
graph TD; A[bits/sf_chebyshev.tcc] --> B[tuple]; A --> C[ext/math_const.h]
```

The diagram illustrates the dependencies of the file `bits/sf_chebyshev.tcc`. It is represented as a root node in a gray box at the top. Two blue arrows point downwards from this root node to two child nodes: `tuple` (in a white box on the left) and `ext/math_const.h` (in a white box on the right).

tuple

ext/math_const.h
