

include/emsr/cfrac
_steed.tcc

```
graph TD; A[include/emsr/cfrac_steed.tcc] --> B[emsr/fp_type_util.h]; A --> C[emsr/complex_util.h];
```

The diagram illustrates a file dependency structure. At the top, a gray box contains the text 'include/emsr/cfrac_steed.tcc'. Two blue arrows originate from the bottom of this box and point downwards to two separate white boxes. The left box contains 'emsr/fp_type_util.h' and the right box contains 'emsr/complex_util.h'. This indicates that the top file includes both of the bottom files.

emsr/fp_type_util.h

emsr/complex_util.h
